Make GHS Life Interesting

As the '67 school year comes to a close we, the students and especially the Seniors, realize how fast the year has gone by and how much fun we have had. There have been exciting moments as we cheered our basketball team into the finals of the Sectional Tourney in the pep sessions as well as in the actual games. There were depressing feelings as well as tension as we took our last final exam. We hurried back and forth from class to class many times barely making it to our seat before the bell rang. Then during the noon hour we took time to relax. Many groups were seen standing in the halls talking about the days events. Occasionally, a dog would try to become a part of the Goshen High School life only to be turned away by the administration. These and many other events are gone and only memories remain. For the seniors, the high school life is over and they advance to higher opportunities. So here we hope to portray Goshen High School as the Seniors of '67 experienced it and will always remember it.

Activities Fill
Day Of
GHS
Students

As we look at the activities of this past year, we see many hours taken up by homework, but we had time for many other activities. Dances after the games provided a means of entertainment. Pep sessions gave us a chance to relax, forget about homework, and let off our emotions. (Especially the one given by the teachers which really kept us laughing.) The moments spent at GHS were never dull. Even wandering through the halls at noon or being out in the parking lot when the motor fell out of a corvair had special meaning for the people who experienced it. Some students were even able to catch a cat-nap during one of their study halls. We experienced many friendships and much happiness as we worked and had fun during this past year at GHS.

Swimmers showed individual skills this year.

Joe Lehman presents the NIC trophy to G.H.S. at an assembly.

'67, Season of Victories

These boys won the first baseball sectional.

G.H.S. athletic teams compiled an enviable record this year.

Basketball placed second in the NIC and broke the 'Northside Jinx'. Cross Country also placed 3rd in the NIC to help boost the point total.

Tennis took another Conference crown this year.

Individuals reached new heights in personal performances. Floyd Trosper wrote new records in football and track. John Stafford brought home a 4th place in the state 880. Pete Weddell and Royce Cripe led the Redskins to their 19-4 record with Cripe also pitching baseball to the sectional crown.

It was quite a year and the 66-67 season will long live in the record books.

Clubs Offer

Opportunities

The clubs of Goshen High School have offered many opportunities and a lot of fun. The long hours and hard work of many students has given them much knowledge and experience. The members of the Science and Math clubs had the privilege of visiting the Northern Indiana Public Service Company on their trip this year. The Sunshine Society had fun and at the same time served others by painting the Sunshine lounge. The members of Medicorps gained much experience from the work they did at the hospital. The members of the Tomahawk and Crimson staffs had the chance to learn a lot about putting a newspaper and yearbook together. Those students interested in sports could improve their skills and have fun at the same time by joining G.A.A. or the Bowling club. These and many other clubs have added to the fun and excitement of a year at G.H.S.

Dr. Fields Supervises 1967

In his new role as Superintendent, Dr. Fields successfully established the 6-3-3 system in Goshen. Through School Board action, his first year in office was highlighted with a raised teachers' salary schedule and a contract for a new music room to be completed by fall. The School Board evaluated a P.T.O. report studying teachers'

reasons for leaving Goshen schools as one of its projects this year. Traditional duties of the Board included budgeting tax monies and hiring teaching personnel. Serving as Superintendent, Dr. Fields became Chief Executive Officer in charge of carrying out Board decisions.

Goshen School System

Goshen Community School Board members are: Mr. Harold Bechtel, Assistant Superintendent; Mrs. Harriet Beeson, Treasurer; Mr. Harmon Williams, Secretary; Mr. Robert Cripe, President; Mr. L. James Morse, Vice-President; Dr. A. C. Yoder, Assistant secretary; Dr. Charles E. Fields, Superintendent.

Assisting Dr. Fields in the Superintendents office are secretaries: Mrs. Josephine Young, Mrs. Mildred Long, and Mrs. Roberta Rowell.

Mr. John G. Johnson, who received his undergraduate degree from Indiana University and master's degree from Purdue in 1957, came to Goshen High School this year from a three year principalship at Attica High School, Attica, Ind., which was preceded by a six year principalship at Boswell High School, Boswell, Ind.

Miss Handgen, girls' counselor, issues admission slips to absent and tardy students as well as assisting them in planning their schedules.

When boys are absent or late, they usually see our Assistant Principal, Robert Mathews, for an admission slip.

Mrs. Hoover assists Alinda VanKlaveren in finding her report card.

Guidance Personnel

Mr. Bemenderfer carefully studies the community schools attendance record for last year.

When you need a book or some sort of school supply, go to Mrs. Ogle who takes care of the school store on first floor.

Mr. Harold Kastner's work is really piled up as he serves not only as guidance counselor but also as psychology teacher.

Clarence Ganger keeps our halls well lighted by replacing burned out light bulbs.

J. A. Beachy became a well known and well liked visitor to the Crimson room.

Earl Hapner keeps the floors of GHS clean and sparkling.

Custodians Important People at GHS

S. D. Brunk tries to fit the pieces of a broken window pane together.

Gladis Bickel and Mary Nead add the feminine touch to GHS.

Science Students Strive to Understand the Secrets of our Universe

Studies in the fields of science are interesting and useful to the modern learner. A multitude of ideas, ranging from the explanation of why a weight falls to the complex theories of relativity, may be discovered in our science courses. Headed by Mr. Elmer Bowers, the Science Department works to help student appreciate the orderliness of our universe. The required biology course focuses its attention on the physical make-up of living things. Chemistry deals with the composition of matter and the transformation of matter into energy. With its lessons on gravity, electrostatics, and magnetism, physics class projects the laws of science into familiar situations. Knowledge of applied science enables students to make practical applications of scientific rules. Our science teachers make use of laboratory facilities for student experiments and unique demonstrations.

Mr. Bowers operates the Van De Graaff Generator which accumulates electrical charge.

Dave Culp and Steve Pettit seem to be enjoying this chemistry lab experiment.

Aided by a plastic replica, Mr. Allyn points out the parts of a cell to his class.

Mr. Haney is grading the work of Phyllis Gary and Rachel Groff in his applied science class.

Labs and to New

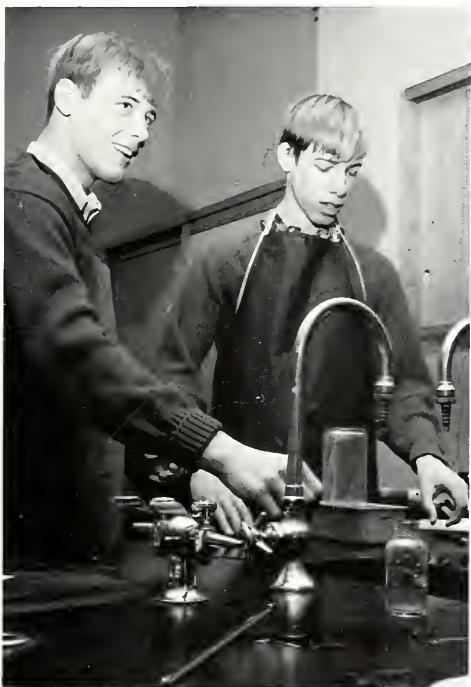

Kent Bird and Dave Mathes watch attentively as Mr. Bowers assembles equipment for a physics class demonstration.

Mark Kreider sets a pendulum in motion as he tries to determine the factors which affect its period.

With the help of a spinning bicycle wheel, Mr. Bowers lectures on the torque force.

Lectures Lead Students Discoveries in Science

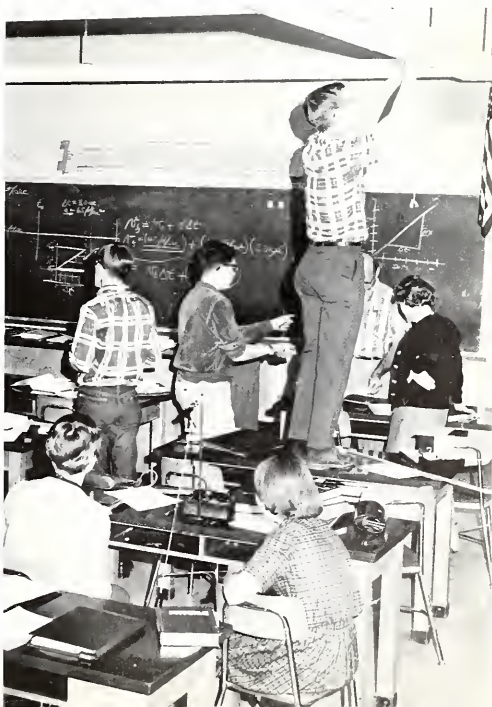

Randy Miller and Matthew Lind begin clean-up procedures after making and collecting oxygen in their lab experiment.

Jim Rudy, Bruce Main and Allen Kauffman puzzle over the results of the final trial in their pendulum lab experiment.

Organized chaos describes lab day for these sixth period physics students.

A puzzled sophomore follows Mr. Peebles through a geometric proof.

Miss Coleen Handgen
General Math

Mr. Herbert Peebles
Geometry

Goshen High School offers four years of math ranging from general math to advanced studies of algebra topics and trigonometry. Students find it necessary to have an understanding of several mathematical procedures to complete other courses. Chemistry and physics call for algebra, trig, and geometry; mechanical drawing and art rely on some feeling for geometry; many courses demand knowledge of logic. Our Math Department, under the direction of Mr. Fred Blosser, seeks to give us the whys as well as the hows. Theory is being increasingly emphasized in hopes that the true nature of mathematics as well as practical application will be better understood. Interested math students may take the MAA test and compare their ability with students from all over the nation.

Mr. Blosser answers one of his student's questions on the geometry assignment.

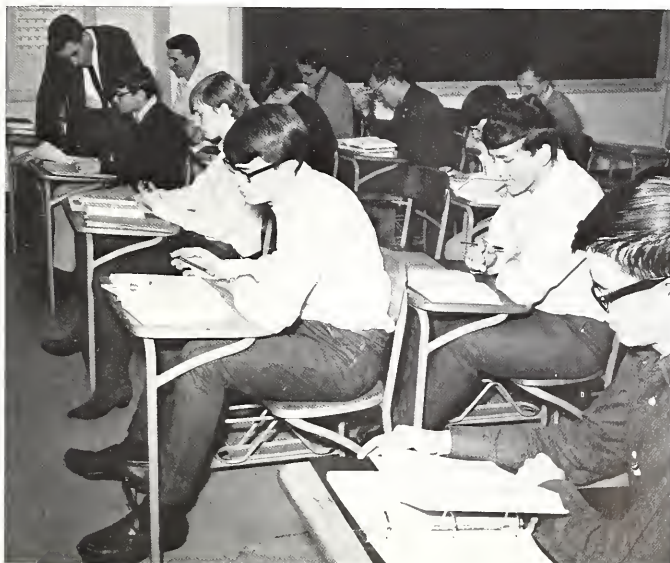

Dan Bradford seeks the advice of Mr. Peebles on how to solve his math problem.

These fourth year math students work diligently on their lesson for the next day.

George Rodibaugh points out an important place in his study of World History.

Social studies is that area of knowledge concerned with the structure and impact which governments of nations have had upon the world. To fulfill graduation requirements, all students must take citizenship, U.S. History, Civics, and Sociology or Economics. Geography, the study of the physical features of the earth, was offered for the first time at GHS this year. Several department courses are supplemented with use of the "American Observer", an informative paper on current events. Mr. Richard Harley, head of the social studies department, announced that delegates were sent to the world affairs conference in Cincinnati, Ohio this year. Representing our high school were Ann Johnson, Miriam Pestow, Joe Lehman, and Don Lundberg. Selected by the department, they enjoyed a weekend of international speakers and group discussions on the topic of N.A.T.O.

Miss Barbara Zook
Senior English

In every course we take, a good background in English is important. Our English Department, headed by Miss Barbra Zook, strives to give students the basic fundamentals of speech and oral presentation, to increase our understanding and usage of vocabulary, and to educate us in proper grammar. Through a combination of these skills, it is hoped that pupils will be better able to organize and express their thoughts as they communi-

cate with others. Outside reading is emphasized in both our English and our literature courses, and creative writing is encouraged through poetry, speeches, and essays. Grammatical competency and the ability to assemble interesting and informative content are tested with the formal research paper. Every student graduating from Goshen High School is required to have an English major.

There is always a little time for informal discussion in American Literature class.

Mr. Robert Fancil
French

The study of foreign languages is very interesting and worthwhile for students today. The study includes learning the history and customs of the people as well as the language. Our language courses range from simple question-answer responses to more complex reading and writing. The language laboratory enables students to speak more fluently and confidently.

Education

Fitness

Health, swimming, and physical education are required courses of Goshen High School. Boys and girls complete their required physical education in their sophomore year and are able to sign up for advanced classes as juniors and seniors. The program is a varied one made more interesting with the fine supply of equipment at GHS. Team sports such as volleyball, basketball, and speed-away are studied as well as individual sports like tennis and archery. Driver Education acquaints students with driving rules and procedures.

The two divisions of Foods and Clothing both cover numerous areas necessary to the modern homemaker. Besides sewing and cooking girls learn the essentials of marketing, meal planning, home furnishing, and fabric selecting.

Open discussions in Miss Weatherholt's class allow students to share ideas.

Industrial Arts

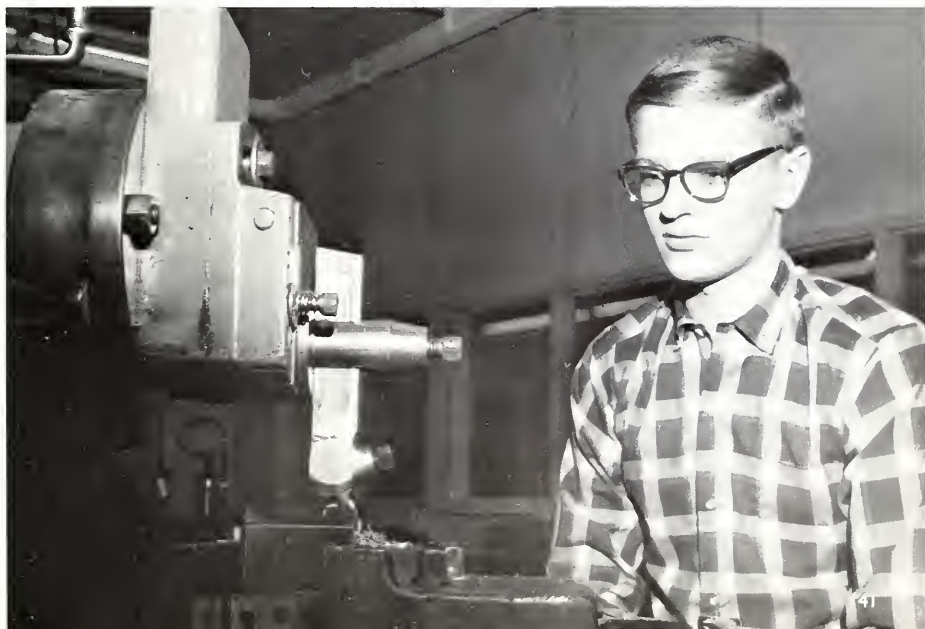

Headed by Mr. Alvin Wartsler, the Industrial Arts Department is responsible for giving practical vocational training to boys. General courses in shop and auto mechanics are offered. These may be followed up by advanced classes and more technical instruction. Students may elect to take mechanical drawing in which drafting and blueprints are studied. Small building construction and design is the main study area in architectural drawing. Other shop courses deal with electricity, metalwork, power machinery, and woodwork.

Personal Typing, this class taught by Mr. Robert Mathews, is a popular summer school course.

The Business Education Department, of which Miss Ethel Grogg is chairman, has something useful for everyone. There is a wide variety of courses available to those who wish to enter the growing world of business. The general preparation in shorthand, typing and bookkeeping is followed by the advanced courses in which office forms and production are given special attention. Personal typing is offered especially for non-business majors and college bound students. Other department courses emphasize different areas of business training. Mr. Howard, in his first year here, is in charge of the new vocational business course. Students participating in this program are business minors who desire practical training. Through the course they are placed in jobs in the community where they work afternoons after attending classes in the mornings.

Leading the band this year was drum major Jim Helman, winner of the John Philip Sousa Award.

Kicking off at the first home football game, our Crimson Marching Band begins its season of performing precision drills. Marching season for the band takes in the months of September and October. During this time the band participated in the marching contest, held in Goshen this year, and received a Division I rating.

Following the last marching performance, efforts are concentrated on reestablishing the concert band. The band presents a winter concert with the orchestra and choir and a senior concert in the late spring. Individuals may participate in the Solo and Ensemble Contest in February. The entire band goes to contest in April and also takes a spring trip to perform at another school.

The band, along with the choir and orchestra, carries on a magazine sale in the fall to earn money. The department is also supported by the Music Parents Organization.

Mr. G. Merrill Swartley
Choir and Orchestra

This year the GHS choir was fortunate in receiving an excellent new director, Mr. G. Merrill Swartley. Through his leadership the choir made a number of successful performances. Among these were the television appearance, the Christmas concert, and the operetta, "The Pirates of Penzance."

The operetta's success is much due to the natural ability of the characters portraying their parts.

Highlighting the year was the choir's participation in the 4-City Festival held at Michigan City. Goshen choir members had the thrilling experience of being a part of the 850 voice choir.

The Crimsonaires had another enjoyable year of presenting programs for various organizations and making a Christmas television appearance. Their concert at the end of the year was given to the student body and to the public.

Mike Yoder and Joe Lehman, orchestra violinists, played in the Christmas Concert.

As Seniors we entered the halls of G.H.S. for the final year. We regretted that it had come so soon, but as time progresses, so must we.

First let us look into the past. Remember our Freshmen Clean-up. Our Sophomore year was enlightened with the Sweetheart Dance and our Sophomore Variety Show. As Juniors we entertained with our Junior Play, "Life With Father," and presented our Junior-Senior Prom, "Paris At Night."

This led up to our final year at Goshen High School. As Seniors we broke tradition with our Senior Follies, "Past-Present-Future." We were honored at the Junior-Senior Prom, and Who could forget our class trip to the Jack-n-Jill Dude Ranch in Michigan?

Before we realized it, our Senior year was nearing its end. We found ourselves walking down the aisle to strains of "Pomp and Circumstance." We received our diplomas and memories faded into yesterday, though never to be forgotten.

and finally, Viet Nam. This ends the display of scenes from our '67 Senior Follies. A lot of fun and hard work went into this production, but its success was worth our pains. We gratefully thank Mr. Steven Runnebohm, our director, and Karen Williams and Jim Helman, co-chairmen, for their support and guidance.

Night of January 16th

Presented by Juniors

John Redsecker withholds Judy Shoemaker in the tense moments as Judy is confronted by her late employer's wife, Julie Himes.

THE NIGHT OF JANUARY 16TH, a comedy-drama in three acts written by Ayn Rand, was presented by the Junior Class on December 3.

The plot of the play was concerned with trying to prove that Karen Andre, played by Judy Shoemaker, did not kill her employer.

The audience was given the chance to take part in the play by portraying the jury.

Anxiously anticipating the decision, Judy Shoemaker faces the judge.

Mr. Runnebohm, director, presented a gift by Mike Phend and the cast.

A typical court scene was the setting for "The Night of January 16th", the Junior Class play.

These many faces portray a few of the emotions during the trial.

Included in the court are Sarah Pepple, Carol Radkey, Queen Randi Yoder, Judy Shely, and Nancy Garber. Escorts respectively are as follows: Craig Kauffman, Mike Bigler, Fred Paff, Phil Nicholson, and Jerry Parcell. Missing from the court are Kathy Brill and escort Steve Mowry, and Loretta Palmer and escort Dave Ogle.

Sophomores Are "Goin'

Places!"

"Class of '69 presented "Goin' Places" on March 17, 1967. M.C.'s were Carol Ellinger and Dave Kercher. Charlie Brown and The Dating Game were among the many enjoyable acts in the show.

Many thanks went out to Jeanne Kummeth and Bill Binkley, student directors, and Mrs. Cripe, Miss Barnes, Mr. Clason, and Mr. Allyn, the sophomore sponsors.

Shown above are the M. C.'s, Carol Ellinger and Dave Kercher talking to Dan Bradford and Bill Moreland.

Tim Riley, president of the class, presents gifts to Jeanne Kummeth and Bill Binkley for working so hard as student directors. M.C.'s and sponsors Mr. Clason, Mrs. Cripe, Mr. Allyn, and Miss Barnes look on.

For girls interested in athletics and physical fitness there is an organization at GHS known as the Girls' Athletic Association.

Membership is open to any girl regardless of her athletic ability. Familiarity with rules for various sports, development of skill in individual sports, co-operation in team play, and good sportsmanship are a few of the goals of this club.

Those wishing to be more active may join softball, basketball, volleyball, and track and field teams which compete with other schools.

Each year representatives of the group attend the District GAA Camp and Fall Leadership Camp.

Under the leadership of the sponsors, Miss Low and Miss Yoder, the club continues to be one of the most active in school.

Officers of GAA are Nancy Leinback, vice president; Inge Botts, president, June Gingerich, secretary; and Emily Garber, treasurer.

Swimmers Strive To Improve

GHS' swim team swam a tough schedule this year as always. Although the team on the whole did not have a winning season, it was definitely successful and there were outstanding performances by some of the swimmers.

Judd Forbes was undefeated in dual competition in diving, as he qualified for the state and won the Most Improved and Most Valuable swimming awards. Harold Comer set a new record in the 100 yard backstroke of 107.3.

As a team they placed 2nd at the Goshen Relays, 5th at the Penn Relays, 6th at the Sectional, and 7th at the Conference.

Steve Payne missed being sectional champ by this much.

State's Best

Goshen became a minor track power this year with a third place finish in the Goshen Relays and a second place at Delphi.

Records fell in the 440 with Dave Juday running in record breaking style. Senior John Stafford won a fourth place in the State meet, making it the third consecutive year G.H.S. has scored at the State.

The biggest surprise this year was Junior Ken Neff who broke the sectional low hurdle record, writing a Goshen name in the book for the first time in many years.

Baseball Team Captures First Sectional Crown

Goshen High's baseball team completed one of its most successful seasons winning 13 and losing 11. This includes a 4 to 1 victory over Elkhart in the sectional. The Skins then went on to the final game in the regional before bowing out to Clay 4 to 2.

Royce Cripe was again elected Most Valuable Player for the second year in a row. Ken Culp was voted the Most Improved Player.

Next year's team will have a new field to play on. Plans are now underway for the modernizing of Phend Field making it a more fitting memorial to the man who did so much for Goshen Baseball.

Don Ogle moves toward a high fly while Ken Culp looks on.

John Ritter loosens up with the bat.

Goshen's Royce Cripe makes another hit for Goshen during the finals of the Regional.

Relays surprise

Temperatures in the mid 30's kept athletes and fans shivering at the annual Relays.

The Gary powers failed to appear and gave Elkhart an easy crown. Our Skins did their best ever with a third place finish.

Class B went to East Noble of Kendallville with Nappanee and Plymouth not far behind.

No records fell in the incimate weather, but the relays still remain the best in the Midwest.

Linda Cripe, 1967 Relay Queen, is escorted to her throne.

Greg Tingwald, R. W. Miller, John Stafford and Dave Juday capture the Mile relay and enjoyed a fine season.

Goshen Fans —

Honorary Referee, Dan Sherman, crowns queen, Linda Cripe, as court attendants Loretta Palmer, Jane Blair, and Carol Radkey look on.

Seasoned Golfers Improve

Tom Stump lines up a putt for a birdie.

Goshen finished its golf season this Year with improved success, winning 10 Matches more than any other previous teams, the golfers also set a new low score of 321.

Seniors Tom Fields and Tom Hemminger tied in the voting for the Most Valuable player award so each received a trophy.

Coach Yoder feels that next year's team should be strong since he loses only two boys by graduation.

The Richardson People . . .

. . . as seen through the eyes of French engineering student, Bernard Casiez.

RICHARDSON, A COMMUNITY OF 1200—Four hundred employees at Richardson and their families, at annual Richardson picnic, introduce French engineering student Bernard Casiez (fourth from right) to American-style outdoor recreation.

WORKS ON ACTUAL BLUEPRINTS—"It is amazing to get all these features into one manufactured home."

DISTINCTIVE—"Colonnades give it a distinction," is Bernard's impression of a Montclair Home by Richardson.

UNFORGETTABLE—Bernard Casiez will have many things to tell and show about the Richardson People when he returns to France.

"Richardson is a partnership of friendly people and favorable conditions," says Bernard Casiez, a self-made French engineering student.

Bernard is a graduate of Hautes Etudes Industrielles school of civil engineering, Lille, France. He came to the United States on his own time and money to travel and study American industry.

Richardson Homes Corporation arranged for his visa through the U.S. Embassy in Paris. He has worked for the past six weeks in the Research and Engineering department studying Richardson production methods.

"In France I thought mobile homes were prefabricated homes. I had no idea they were really mobile and were produced on the assembly line like cars," Bernard explains.

THINKS WE'RE RELAXED

The quality of workmanship in America is better than in France," is Bernard's impression. "I think this is due to the relaxed working conditions. Everyone is willing to help each other with their work."

Bernard is leaving Elkhart with this ambition. "I will work to get assembly lines like Richardson started in French industry when I get home."

Casiez is introduced to assembly line production by chief draftsman Dave Volheim. "This we should have in France," Bernard says.

The highlight of the '67 Prom came when Mike Phend and Ann Carl crowned Pam Beer and Don Ogle Queen and King of the Prom.

Malinda Peffley and Tom Hemminger paused for a few minutes to have their picture taken in front of one of the beautiful pagodas which decorated the gym.

Sayonara

The night of April 28, 1967 will be a night to remember for all the Juniors and Seniors who attended the Prom. The 1967 Prom took place in a Japanese setting with appropriate decorations to carry out the Prom theme, 'Sayonara'. Promgoers danced to the music of Jimmy Stier's Orchestra until midnight. When the clock struck twelve Mike Phend and Ann Carl crowned Pam Baer and Don Ogle as King and Queen of the '67 Prom. The Lions Club sponsored the program from midnight until twelve thirty and then the students danced to the music of the Noblemen until two thirty.

Dart Bemenderfer took charge of the bingo parlor which many Juniors and Seniors visited during the evening.

Serving as geisha girls at the prom were, Randy Yoder, Jan Culp, Shelly Stoffel, Kitty Nesius, June Gingerich, Becky Miller, Elaine Weaver, and Jeanne Kummeth.

Mellanie Miller and John Stafford register before entering the Prom.

Kathy Sheets and Dick Kintigh cross the bridge into the beautiful land of Japan.

Ed Kinney, Bill Everett, Cecilia Daub, and Carol Gibson are a little bit startled by one of the many sights at the prom.

Nancy Cripe and Mike Bigler seem to be enjoying the prom very much.

The sophomore geisha girls are shown bowing to the Juniors and Seniors during one of their many entertaining acts.

This bridge was one of the main decorations at the prom this year. Many students crossed this bridge throughout the evening including Becci Leedy and Ted Blosser.

These three people, Budda, Don Cripe, and Larry Peterson, worked hard on the prom.

Mike Phend and Susan Beechy take a few minutes to relax between dances.

Nancy Garber and Steve Mowry radiate happy smiles as they enter the beautifully decorated gym.

Juniors and Seniors danced to the music of Jimmy Stier's Orchestra.

All that remains of the prom are memories which can never be destroyed.

Keep It Coming . . .

Is Life a walking shadow which is full of "rude awakenings?" Well, Life's what you make it. Never lose sight of your

goals, your hopes, your dreams. Be creative, develop to your full potential and keep it coming . . .

"Kumbayah." Dave Miller, Editor

Life is a hall with many doors of opportunities. One does not pick the hall he enters, rather one chooses the doors by which he leaves. These doors lead one in a search for meaning.

One's search involves a responsibility. This responsibility is to help others in their search. For seniors, 1967 is the end of the beginning. High school lays the foundation for later accomplishments. It is part of the means to each of our ends.
